RE: Notice of Ex Parte, WC Dockets 11-39 & 18-335

Dear Ms. Dortch,

On Feb. 5, 2019, ZipDX CEO David Frankel met by telephone with Randy Clarke, Commissioner Starks' Acting Legal Advisor for Wireline and Public Safety.

The discussion was consistent with Mr. Frankel's 22-January 2019 filing in the subject dockets, emphasizing the need for any revision to the Truth-in-Caller-ID regulations to incorporate an objective standard for what numbers are allowed.

Call originators should only be allowed to use a caller-ID assigned to them, or a number for which they have explicit permission to use from the assignee of that number.

Regards,

/s/
